Dear Readers, I feel privileged in presenting the July-2018 issue of our college magazine. I would like to place o record my gratitude and heartfelt thanks to all those who have contributed to make this effort a success.

Overall development of the individual is the goal of education and we all have to leisure that there is no stone left unturned to equip the student of today for the challenges of life. This will require tremendous self-motivation on the part of all concerned but will be fulfilling for the student as well as the faculty.

New technology is bringing opportunities along with new skill set requirements and challenges Globalization is bringing competitiveness in every domain. Engineers have to fit into requirements of companies that recruit across the globe. The department of CSE under the leadership of Mr.S.V.C.Gupta. HoD is leading the way to meet challenges of future by equipping students with the skill set that is required in the industry.

I wish to congratulate the entire faculty and other staff for encouraging and guiding the students in all factors, for their well rounded development. I wish you all the best for achieving greater success and scaling newer heights in your education and career a head.

CHAIRMAN

Sri Gudivada Ramachandra Rao

“Success is a journey, not a destination” it is aptly stated. Great personalities engage themselves in a smooth and metamorphosis as they move from success in one field towards success in various other fields. The success-filled life style of Sri Gudivada Ramachandra Rao, our Chairman best exemplifies this fact. The saga of success began 60 years ago when he ventured into Rice Mill Industry and carved a niche for himself as Industrialist par Excellence. His successful journey elevated him to the post of President, Krishna District Rice Miller’s Association where he served for 30 years. He has been serving as the Secretary of Arya Vysya Sangham for 25 years. He was also the Past President of Lion’s Club, MTM.

*Philanthropist by nature and educationist to the core, right from his college days he has been nurturing a dream of establishing an educational institute in the cause of the rural youth. His tryst with destiny resulted in diversifying his activities to the educational field as a service to rural area. Thus, **SVIET**, his long-cherished brain-child was born.*
