Nandamuru.

(Through Proper Channel)

Respected Sir,

The Department of Computer Science & Engineering is proposing to organize **one day workshop** on the topic "**Intellectual Property Rights and Patent Prosecution**" on 27-12-2021, Monday. Hence I request you to give permission to organize the seminar for the benefit of all the faculty.

The Guest Speaker will be **Dr. Rajesh H. Kulkarni, Associate Professor**, at MVSR College, Telangana.

Thanking you sir,

Your's sincerely

(M.N. Vamsi)

Resource person

Dr. Rajesh H. Kulkarni

- Dr. Rajesh Kulkarni is Associate Professor at MVSR College (Among top 5 colleges), Hyderabad, Telangana.
- Dr. Rajesh Kulkarni is Ex-Director of Smt Indira Gandhi College of Engineering, Ghansoli, Navi Mumbai. He is also Constant Mentor at Ignition Incubation Center.
- He is a passionate teacher, motivating speaker, author, publisher, entrepreneur and a change agent for organizational transformation.
- His Webinars/Seminars/FDPs reached more than 25000 participants who got immensely benefitted
- He is Founder of Uma Publications Nanded and CAVE Academy Pune.
- He mentored and now is a Distant Associate for IPAdventure LLP Company an IPR startup
- He published seven books, many research papers in SCI/SCOPUS Journals, eight patents, one copyright and one trademark.
- Dr. Kulkarni graduated from BAMU – Aurangabad in Computer Science and Engineering, did his Masters in Computer Science from JNTU Anantapur. He completed his Phd from JNTUH Hyderabad. He did certificate course on HCI from IDC, IIT Mumbai.
- **His major contributions in previous organizations:**

Mission 300 training Initiative, MOUs with industries, Stakeholder reachout through constituting awards (Alumni Excellence, Vidya Vibhushan, Shikshak Gaurav, 101 Top Professional educators), Career awareness seminars across 11 cities 64 locations addressed more than 20000 students. MOUs with foreign Universities (AIT, Chula, PIM, MUST and IUKL) and foreign industry (Saraff Global).

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Computer Science Engineering is a field that focuses on analytical abilities and skills to solve problems in science, education, healthcare, business, government, entertainment and in all walks of modern life.

It encompasses the methodology, tools and techniques, and theory of information storage, management and communication. Students aspiring to join CSE should have a sound knowledge of fundamentals of Mathematics, Physics and Chemistry. In addition, knowledge of a programming language such as C, C++, Java, Python, Oracle, Devops, Big Data Analytics, Cloud Computing, Data Science, Deep Learning, Machine Learning or Artificial Intelligence is preferable, although not a strict necessity.

ABOUT SVIET

An inspired group of eminent industrialists who have carved a niche for themselves in their chosen fields came together with a visionary zeal and missionary commitment and started Sri Vasavi Educational Society in 2007. SVIET was thus born to provide holistic education and create technology with a humanface.

They chose Nandamuru (on the Pedana-Bantumilli Road on NH 214 A), a serene place far from the madding crowd. The idyllic surroundings, the aesthetic appeal and pollution-free ambience would naturally aid the students as they can grow in the lap of nature by observing nature's myriad moods, preserving the fragile nature's equilibrium in an eco-friendly atmosphere.

SVIET is approved by AICTE, New Delhi and affiliated to JNTU, Kakinada. The greenish landscape of the college and the surrounding fields fosters the spirit of creativity, innovation and experimentation in the blooming minds.

WORSHOP ON INTELLECTUAL PROPERTY RIGHTS AND PATENT PROSECUTION IN COMPUTER SCIENCE AND ENGINEERING

...Empowering Minds

27th DECEMBER 2021

Sri Vasavi Institute of
Engineering and Technology

Intellectual Property Rights

Intellectual Property Right plays a key role in gaining advantages position to promote economic growth of our nation. India enjoys a large asset of R&D personnel and infrastructural facilities. Scientists and policy makers need more information, orientation and facilities for protecting the products of intellectual prowess of Indian Scientists.

In this webinar the students learnt the need of IPR i.e., IPR is essential for better identification, planning, commercialization, rendering, and thus the preservation of inventions or creativity. Each industry should develop its specialty based on its IPR policies, management style, strategies, and so on. The audience learnt about the copyrights, trademarks and ethical issues related to engineering.

Report of the Event

Event Name: Intellectual Property Rights and Patent Prosecution

Date(s): 27-12-2021

Coordinator: M.Naga Vamsi

Resource person(s): Dr. Rajesh H. Kulkarni

Participants: 77

Duration: 2 Hours

Brief Description:

There were sessions on introduction to Intellectual property rights (IPR) have been defined as ideas, inventions, and creative expressions based on which there is a public willingness to bestow the status of property. IPR provide certain exclusive rights to the inventors or creators of that property, in order to enable them to reap commercial benefits from their creative efforts or reputation. There are several types of intellectual property protection like patent, copyright, trademark, etc. Patent is recognition for an invention, which satisfies the criteria of global novelty, non-obviousness, and industrial application. IPR is prerequisite for better identification, planning, commercialization, rendering, and thereby protection of invention or creativity. Each industry should evolve its own IPR policies, management style, strategies, and so on depending on its area of specialty. Pharmaceutical industry currently has an evolving IPR strategy requiring a better focus and approach in the coming era.

Fee, if any: Not Applicable

Budget/Expense: 4000 Rs
