This Memorandum of Understanding ("MOU") is signed on the Wednesday of 20-12-2017 (Effective date) by and between SMARTBRIDGE EDUCATIONAL SERVICES PVT LTD. ("SMARTBRIDGE"), having its registered office at Plot No. 550F, Road No.92, Jubilee Hills, Hyderabad, Telangana - 500096 and SRI VASAVI INSTITUTE OF ENGINEERING & TECHNOLOGY ("SVIET"), having its campus at Nandamuru, Pedana, Andhra Pradesh - 521369. SMARTBRIDGE and SVIET are sometimes hereinafter referred to individually as a "Party" or collectively, the "Parties".

**Background**

SMARTBRIDGE is an edTech organization with a vision to bridge the gap between academia & industry. Our outcome-based experiential learning programs on emerging technologies (IoT, Machine Learning, Data Science, Artificial Intelligence, and Edge Computing) are building skilled entry - level engineers, for the corporate world. SmartBridge is in mission to build technology communities in academia to encourage students towards innovation & entrepreneurship. Since inception, we have trained thousands of students, faculty and working professionals on emerging technologies via technical boot-camps, hackathons and professional development programs.

Following are our Services for Academia & Students

- Technology Bootcamps
- Hackathons
- Hands-on Training Programs
- Professional Development Programs
- Summer Practice Schools
- Industrial Project Consultation

SRI VASAVI INSTITUTE OF ENGINEERING & TECHNOLOGY (SVIET) established in 2008, is offering Under Graduate(UG) and Post Graduate(PG) programs in different disciplines of Science and Engineering. SVIET is dedicated for transforming the students into highly competent engineers with high level of motivation, professional skills and self-confidence.

- SVIET has established an Industry Institution Interaction Centre to forge alliances with industries and educational institutions. There are Five different engineering departments, which are running under graduate and post graduate courses. Depending upon the specializations, the heads of the concerned departments approach the industries related to their departments and forge alliances with them for R & D activities found to be usefully to the industry and the institution. At times the consultancy work is also taken from the industries depending upon the capabilities of the faculty and the availability of infrastructure in the institution and the complexity of the problem. Besides the alliances forged by the individual departments the college also entered into MoU with certain *it & services* and also with some educational institutions of standing in India and elsewhere.

Both SMARTBRIDGE and SVIET of Nandamuru, Andhra Pradesh recognized the need for:

- - 1) Proving and sharing their knowledge and skills for constant development and upgrading in the field of Emerging Technologies.
  - 2) Close cooperation between the industry and the technical education system
  - 3) Educating & training of students, in practical environment, to enrich teaching methodologies, to help faculty development and to make the training more employment oriented

- Ref > 4) In appreciation of the above and in the furtherance of the common desire for improving the quality of graduating Science & Engineering students, SMARTBRIDGE and SVIET have agreed to join hands. Both parties have explored the possibilities of building a synergistic relationship and have agreed to enter into MOU with the following joint responsibilities:
- Date: \_\_\_\_\_
- With a view to provide inputs to improve the quality of education and to impart industry related training, SMARTBRIDGE will provide their expertise on "Utilization of Lab & Incubation center" to SVIET.
- 1) With a view to introduce students to industry, SMARTBRIDGE will provide "Academic Projects & Internships" to SVIET students. Further SVIET students and faculty will participate in developing modules of a larger project and submit the completed work as consultancy project. To assist this activity SVIET guide and students will work in the premises of SMARTBRIDGE for the purpose of coding, assembly, integration, and testing of the project as and when required.
  - 2) SVIET will provide required support in the survey of technical field, design, concepts and the methods of evaluation of the project.
  - 3) SMARTBRIDGE will suggest the required changes in the curriculum and help SVIET in providing education to its students as required by the industry.
  - 4) Both parties agree to maintain confidentiality of information and the information can be released only with mutual agreement.

**I. PURPOSE AND SCOPE:**

This Memorandum of Understanding (MOU) sets for the terms and understanding between the SMARTBRIDGE and SVIET to engage in following undertaking category.

- a) Project and Product Development activity for 3<sup>rd</sup> and 4<sup>th</sup> year engineering students of ECE and CSE branches along with students from related M-Tech programs. This can be done with mutual consent between SMARTBRIDGE and SVIET.
