## INTERNATIONAL MOTHERS DAY

Date:12/05/2023

Mother's Day is organized in the college of SVIET on 14-05-2023 from 10.00A.M

A mother is our first teacher. She teaches us to walk, to talk and to eat. She teaches us the basic manners and etiquettes. A mother feeds us, cares for our needs and makes us a good human being. She helps us in our studies and also encourages our talents. Our mother is our first and best friend. She understands everything we say and also what we are not able to say. Her shoulder is always there in the times when we feel low. She laughs with us, plays with us, goes out with us and enjoys with us. A mother is definitely next to God or rather above God as she is the one who teaches us to believe in God and have faith in Him. She is the most adorable and lovable person in this world. Her prayers and good wishes are always there with her children
