4. Student Notice Board, Main Notice Board, Circular file

PRINCIPAL

Nandamuru,
Date:14-03-23.

A REPORT ON DEWORMING DAY CAMP.

DEWORMING DAY CAMP is organised in the college of SVIET campus. On 14-03-23 from 10:00AM. The day is all about distributing deworming pills for students. They are participate and some of the students and guests gave speeches regarding importance of deworming.

In AP, National Deworming Day (NDD) is planned on March 14 for all the children in the age group of 1-19 years in all government and private colleges, schools and Anganwadi centres. The children who cannot be dewormed on NDD due to absenteeism or sickness will be dewormed on mop-up day on March 18. Modern dewormers do not require the user to be on an empty stomach before deworming, so users can deworm at any time, but the best time is to drink early in the morning on an empty stomach or drink after dinner about 2 hours.

National De worming Day

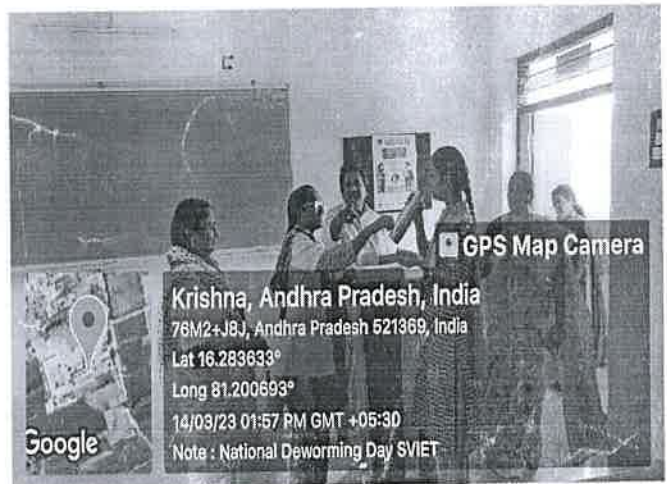

Compliance Report

Dt: 14-03-2023

By receiving the instructions of JNTUK, the head of the institution, faculty and I. B.Tech students had participated in National De Worming Day on 14-03-2023. Our volunteers had distributed the medicines to the students with the support of Medical Department Staff and ANM staff. Our college management has also extending their hand to conduct this programme. Nearly 350 I.B.Tech students are gaining benefit from this camp. Prevention is better than cure, so this is very useful to our students to avoid the symptoms of influenza.

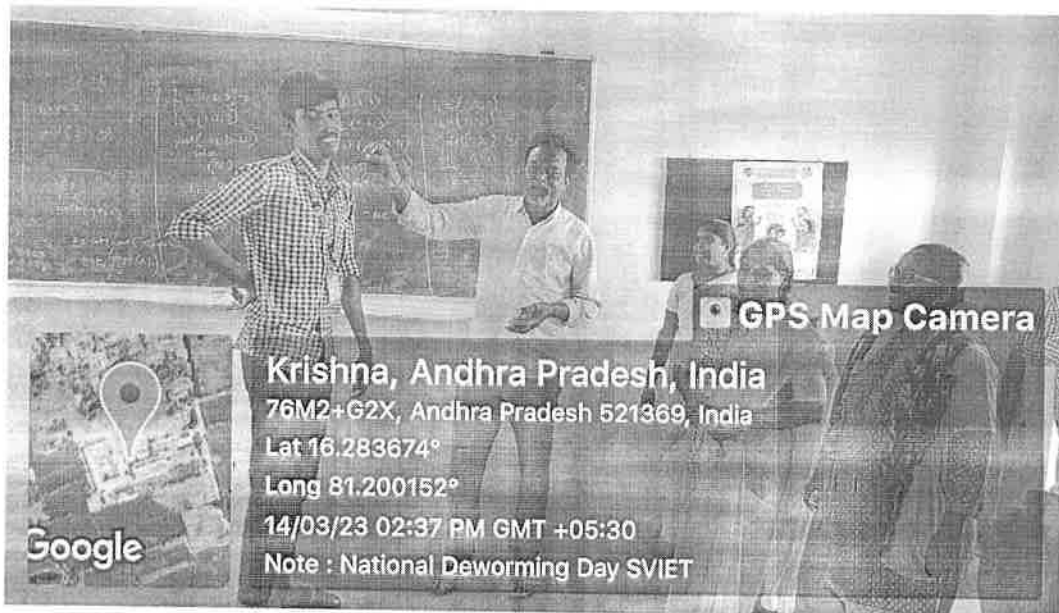

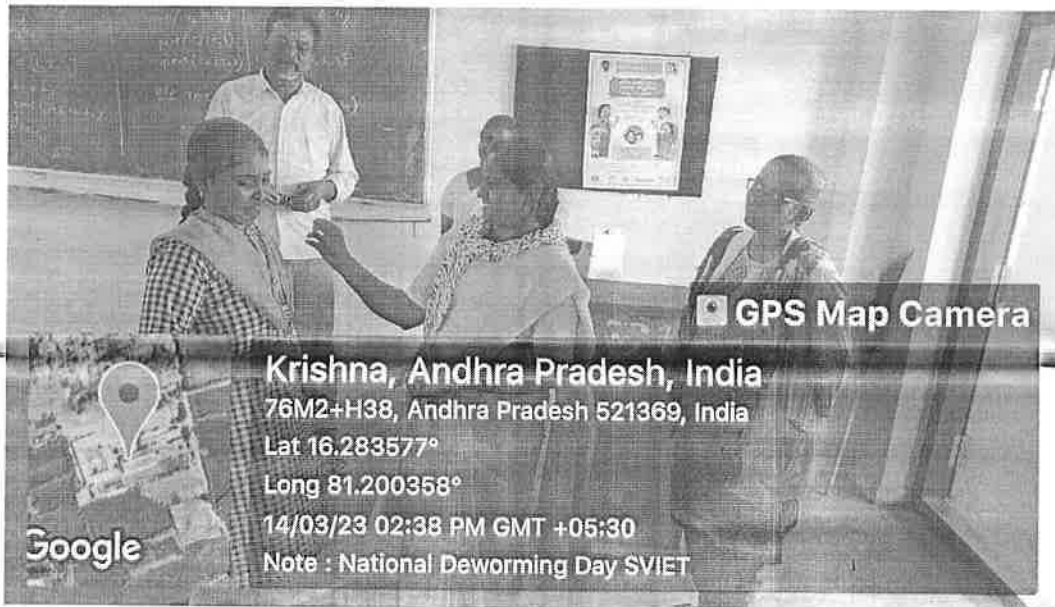

Students activity cell members of Sri Vasavi Institute of Engineering and Technology has taken a step forward to conduct this programme by inviting the Medical Department staff and ANM staff for creating awareness of taking precautionary steps to avoid this virus Influenza to our students. Then our volunteers distributed the medicines to our students. Then they have given advice to avoid the Corona by wearing mask, carry sanitizers, and maintain social distance. Especially, the infected people should maintain the caution.

To avoid the adverse conditions, we distributed the Albendazole tablets to the students.
