KITSACART and SRI VASAVI agree that cooperation in research collaborations, workshops, Faculty development Programs and faculty exchanges would be mutually beneficial. The areas of cooperation may include, subject to mutual consent, any desirable and feasible activity that would further the goals of each institution. This MOU shall be identified as the parent document of any program agreement executed between the parties. Further agreements concerning any program shall provide details concerning the specific commitments made by each party and shall not become effective until they have been reduced to writing, executed by the duly authorized representatives of the parties.

Cooperation in Education and Research

In order to facilitate student exchanges between KITSACART and SRI VASAVI, the following section provides general procedural information under which the exchange of students between the two institutions will take place. Specific procedures, requirements and duties of the parties in connection with student exchanges shall be set forth in a separate written program agreement to be executed by the parties.

Cooperation and exchanges may take place with undergraduate and graduate students. This exchange program will be agreed for the academic year for **SRI VASAVI (ELECTRONICS AND COMMUNICATION ENGINEERING DEPARTMENT) 2022 to 2023.**

Students may engage in paid co-op or paid internship opportunities through placements by the host institution, providing they meet the legal criteria.
