DEPARTMENT OF CIVIL ENGINEERING

Civil Students interested in working closely with society & serving the society can choose Civil Engineering. Providing various amenities & creating required infrastructure for all societal needs forms the prime goal of any Civil Engineer.

The societal needs such as Shelter, Drinking Water & Waste Water Management, Movement of people & goods through various modes of transport such as Roadways, Railways, Airways & Urban Transportation Systems, Management of Water Resources through Dams & Reservoirs are addressed by a Civil Engineer. Communication, Organizational, Leadership and Decision making skills are very important to civil engineer as every infrastructure projects requires huge man power and team management. Key skills that differentiates a Civil Engineer from others are emotional intelligence and Creativity with societal responsibility.

ABOUT SVIET

An inspired group of eminent industrialists who have carved a niche for themselves in their chosen fields came together with a visionary zeal and missionary commitment and started Sri Vasavi Educational Society in 2007. SVIET was thus born to provide holistic education and create technology with a human face.

They chose Nandamuru (on the Pedana-Bantumilli Road on NH 214 A), a serene place far from the madding crowd. The idyllic surroundings, the aesthetic appeal and pollution-free ambience would naturally aid the students as they can grow in the lap of nature by observing nature's myriad moods, preserving the fragile nature's equilibrium in an eco-friendly atmosphere.

SVIET is approved by AICTE, New Delhi and affiliated to JNTU, Kakinada. The greenish landscape of the college and the surrounding fields fosters the spirit of creativity, innovation and experimentation in the blooming minds.

Intellectual Property Rights

Intellectual Property Right plays a key role in gaining advantages position to promote economic growth of our nation. India enjoys a large asset of R&D personnel and infrastructural facilities. Scientists and policy makers need more information, orientation and facilities for protecting the products of intellectual prowess of Indian Scientists.

In this webinar the students learnt the need of IPR i.e., IPR is essential for better identification, planning, commercialization, rendering, and thus the preservation of inventions or creativity. Each industry should develop its specialty based on its IPR policies, management style, strategies, and so on. The audience learnt about the copyrights, trademarks and ethical issues related to engineering.
